

Sneaky Art Scavenger Hunt!

Mon 8/9 – Fri 8/20 (weather permitting)

Follow the clues that lead you to 7 places in town where we've placed Sneaky Art objects (think pipe cleaner-shaped critters) in different colors! Write the color of the object next to the location where you found it. PLEASE leave the objects for the next people. Then stop in RML for a patch!

COLOR

1. The beach to chill, time to think,
turtles also come here to sit & drink!

2. Kids aren't the only ones who come here
to play, an adventurous spider also found
his way!

3. There's a snail on this trail that's new
and fun, leave US your name when you are
done!

4. Some flowers are live, some flowers are
fake, this place helps you give the ones
that they make!

5. Butterflies like their ice cream to beat
the heat, but taking a ride on the tire
swing can't be beat!

6. It's the center of town, you'll see it
without fail, but one thing you won't find
there – a giant ocean whale!

7. Said a little birdie: Bring a box or can when
you visit this spot, feeding our community
helps a lot!
